

Lymington and District Chamber  
of Commerce & Industry

**Networking Breakfast**

**Date:** Thursday 18th March **Time:** 7.15am for 7.30am

**Venue:** Elmers Court Hotel **Cost:** £8 per person

The gift of sight appeal was established by Professor Andrew Lotery in July 2004 with the aim of funding world-class research into the prevention and treatment of blindness. Professor Lotery is a clinician scientist who combines laboratory research with treating patients in weekly clinics. This enables him to bring insights from the research laboratory, which is based at Southampton General Hospital, directly to his patients - many of whom are firm and loyal supporters of the appeal

**I wish to reserve ..... places and enclose payment of .....**  
(Cheques in advance please: payable to LDDCI)

Non members may attend as a member's guest on two occasions before joining
